#### Story : The Little Thieves

Pan and Peter are two brothers. Pan eats too many candies and biscuits everyone tells him not to eat so many sweet things so that he does not spoil his teeth. One day Peter and Mummy were sleeping in the room, Pan goes quietly into the kitchen and picks a big jar of candies. He opens it and takes out one candy. Suddenly their pet dog Snoopy comes sniffing into the kitchen. He jumps and tries to grab the candies from Pan. The jar falls down with a loud noise.

Mummy and Peter hear the sound and wake up. They run to the kitchen and catch the little thieves. Mummy says "Pan very bad you and Snoopy would have got hurt". One day Pan's tooth starts paining. Mummy takes him to a dentist. He tells Pan to stop eating too many sweets or he will have to take out Pan's tooth. At night Pan dream's of eating sweets and the dentist taking out his tooth. Pan wakes up scared. He promises Mummy that he will stop eating too many sweets.
