Summer is coming......2 How do you think I know? I see the plants dying up I know it must be so.....

We will have rain....2 How do you think I know? I see the clouds turn blue to black I know it must be so.....

Winter is coming.....2 How do you think I know? I feel the clod and the breeze I know it must be so.....

Spring is coming.....2 How do you think I know? I see the flowers, blooming high I know it must be so..... सदी आई
