PALLAVI MODEL SCHOOL

NEWSLETTER DECEMBER 2020

PRINCIPAL'S MESSAGE

OUT WITH THE OLD, IN WITH THE NEW.....

HERE'S HOPING YOU MAKE THE MOST OF 2021!!!

LET YOUR DREAMS TAKE FLIGHT IN THE NEW YEAR

Being successful means the achievement of desired visions and planned goals. There is no shortcut to success and one can achieve their goal only through hard work and dedication. This is an indication of the stiff competition that students would have to face in attaining their goals and advised the students not to get distracted and waste their time.

It gives us immense pleasure to share that Akshara Vaagdevi International School, Secunderabad has been ranked among Top Ten prestigious schools in Hyderabad The Times of India - School Rankings 2020. We thank the team at Akshara for their incessant efforts and all our Parents profusely for the immense support and faith bestowed upon us.

Soliciting your support in all our future endeavours as always in committing to a fabulous experience to your child! Please check 28.12.20 Times of India news paper.

National Pollution Prevention Day

December 2 is observed as National Pollution Control Day every year. The day is observed in the memory of those who have lost their lives in the Bhopal Gas tragedy on the night of December 2nd and 3rd, 1984. Dec 2, 2020

In this regard we shared a Google form to conduct a quiz on from Grade VI to Grade X. Learning outcomes:

Children will learn about status of pollution rate in India

Air pollution control measures

Carbon sequestration.

Flue gas treatment.

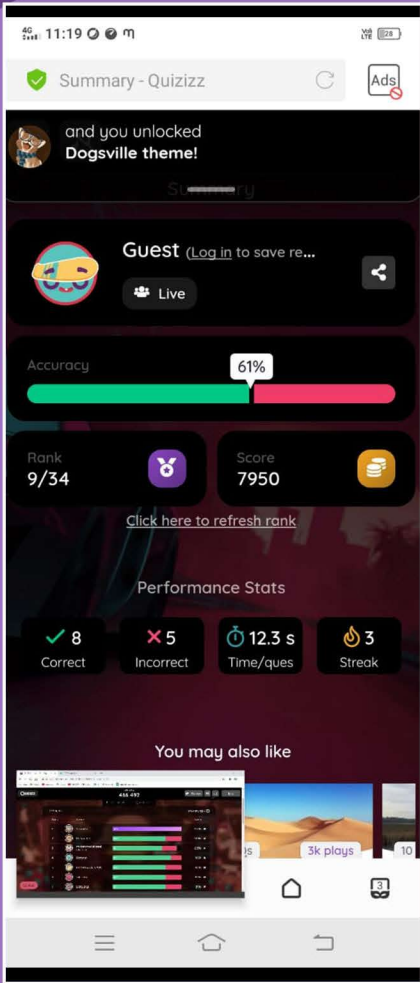

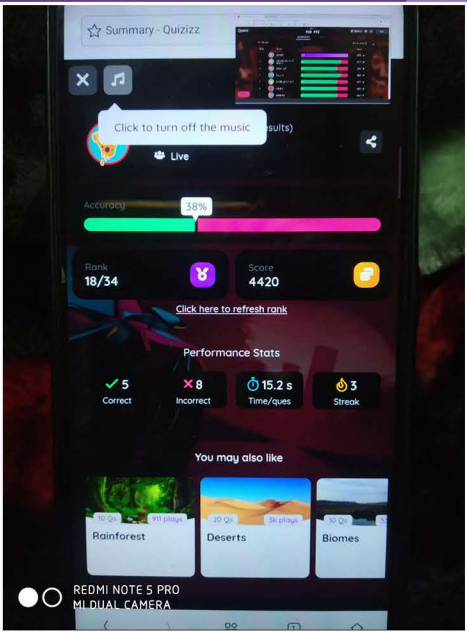

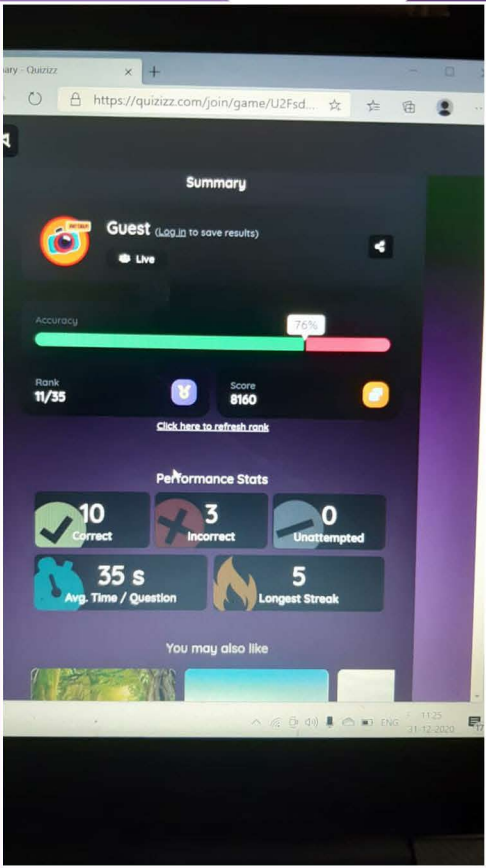

Electrostatic precipitator.

National Ambient Air Quality Standards.

Awarness programs

Pollution control.

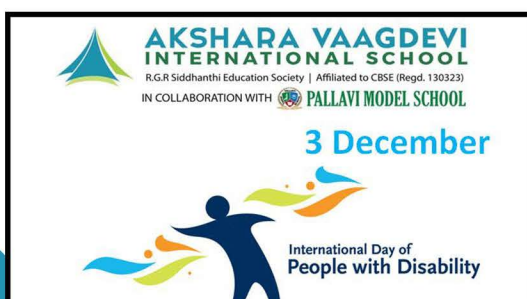

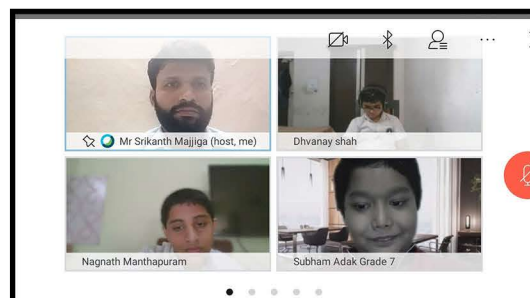

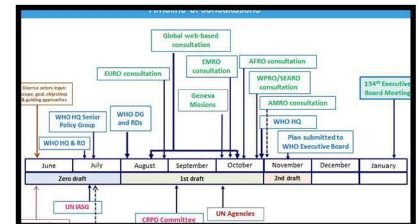

Scrubbing tower.

INTERNATIONAL DAY OF PERSONS WITH DISABILITIES

3 December is International Day of Persons with Disabilities (IDPD). On this Day WHO joins partners to celebrate "a day for all". This theme reflects a growing understanding that disability is part of the human condition. Almost everyone will be temporarily or permanently impaired at some point in life. Despite this, few countries have adequate mechanisms in place to respond fully to the needs of people with disabilities.

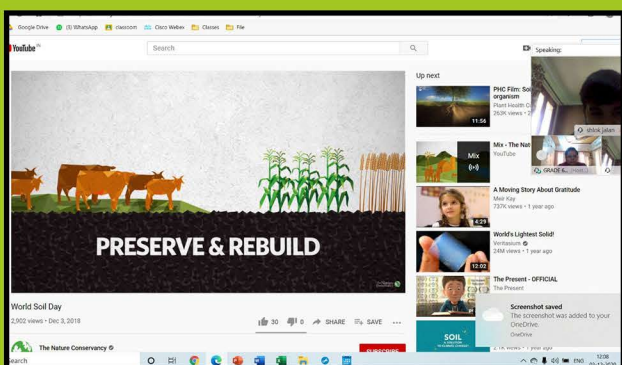

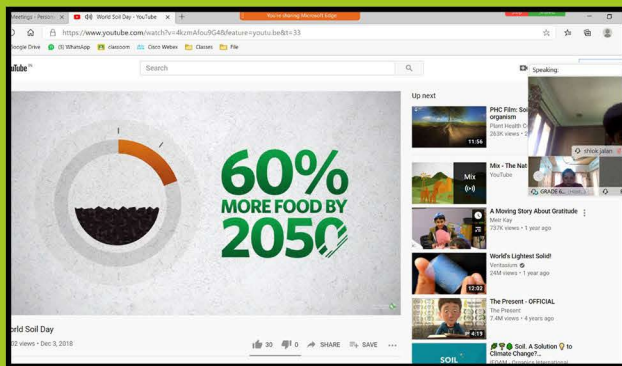

In 2020, the UN's theme was "Building Back Better: toward a disability-inclusive, accessible and sustainable post COVID-19 World". WHO supported this theme by underlining the importance of fostering an inclusive culture and responding to the urgent needs of people with disability in all aspects of society, especially during the COVID-19 pandemic.

WORLD SOIL DAY

World Soil Day (WSD) is held annually on 5th December as a means to focus attention on the importance of healthy soil and to advocate for the sustainable management of soil resources. An international day to celebrate Soil was recommended by the International Union of Soil Sciences (IUSS) in 2002.

To inculcate the importance of this day the students of Grade VI to X participated in a quiz competition and PPT slides were shown to enhance their knowledge and learning.

Brain Teaser:Maths:18/12/2020:

Brain Teaser competition was conducted for the grades from III to VIII, students were enjoyed by taking part.

The objectives were, enhanced problem solving, developed analytical thinking and improved memory and other cognitive skills.

MATH WEEK ENDS

23/12/2020:

An Inter School Maths Quiz Competition was organised by Akshara Vaagdevi International School in collaboration with Pallavi Model School and in partnership with NIIT eGuru. The Quiz competition had two rounds in which students had to answer 20 questions each in the given time. The final round was conducted on 23rd December.

The Chief Guest and Guest of Honour Mrs Shobha Dasika and Mr P.V Satya Ramesh gave the message to all the students that Mathematics is the part and parcel of our life, suggested that every one must develop positive attitude towards mathematics subject.

Students were very happy to receive prizes

The Winners were declared by the guests and handed over the certificates through online to the students.

The event was a great success during the pandemic, Teachers learnt new ways to induct students and students learnt and explored so many new things during the Maths week and so were the parents who were happy seeing the children participating virtually with the same excitement just like how it could have been in school.

MATH PUZZLE, PUPPET SHOW AND MODEL MAKING: 15.12.2020

Math Puzzle was conducted for the grades I and II, students enjoyed solving puzzle, they developed positive attitude towards Maths and developed logical thinking. Students of grades IV to VIII participated in Puppet show and Model making. They learnt through this activities communication, positive classroom climate, enhanced creativity.

CHRISTMAS CELEBRATIONS

On 24th December we celebrated two special programmes: the Math Closing week and Christmas Day celebrations on virtual platform. The math week ended on a very successful note, where it was a good learning experience for the students.

Students from Nursery to X were a part this Christmas celebration. A skit was presented by Grade II and III, where they enacted the scenes of the birth of Jesus Christ with enthusiasm and spontaneity. Tanuj Ram of Grade IV spoke on the importance of Santa Claus during Christmas.

Grade VIII student Spoorthi spoke on the importance of Christmas celebrations. Traditional carols like Joy of the World, Jingle bells were sung by our young choir. The students carried a message of sharing and caring as well as the pleasure of pride of spreading peace, true spirit of celebration. The programme ended with the message by Principal Mrs. Vanaja, where she spoke about charity and helping the needy.

TECHNOLOGY FOR INNOVATORS AVIS IT FEST

The School organised IT -Fest for the students of Grade V to VIII. Students were involved in different activities to enhance their computer skills. Grade V, VI were given projects in MS-Excel and Powerpoint Applications, which gives a primary focus on using MS-Office to analyze and explore real world data. Through the project students will gain competency in using Microsoft Office data analysis skills that will be useful in future classes. Grade VII and VIII students are assigned with Python and HTML Languages along with MS-Office projects. Primary Grades I to V were involved in making greeting cards for the new year in MS Paint, exploring the word document with typing content, PPT presentation. These activities gave students a wide scope to enhance their exploratory skill, technical skills, communicative, collaboration, and enhance their ability to design, construct and deliver their creativity.
