Principal's Message

THE TIME IS ALWAYS RIGHT TO DO WHAT IS RIGHT

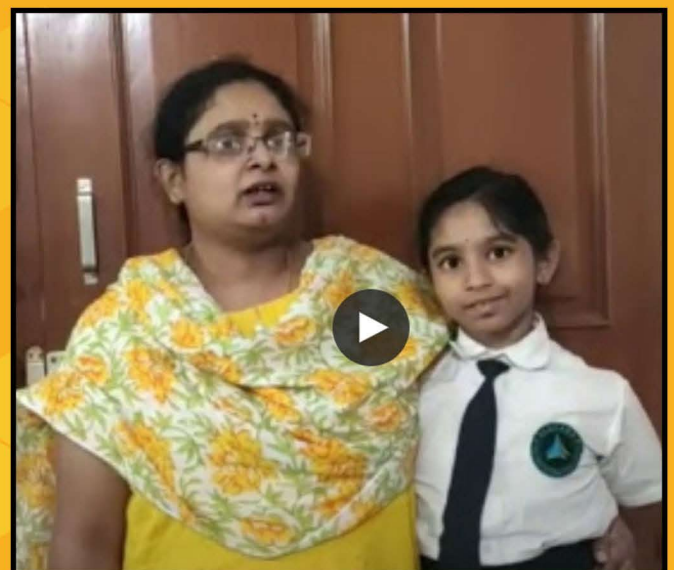

Ethics are moral codes that drive people to decide which is right or wrong. This right or wrong can be reflected to a person or to a collective group of individuals. Values are principles that are unbiased and reflect the possessive virtue of a person. I urge the parents to be role models to their ward. Educate and help them to imbibe the virtues which will cater to their wholesome holistic development. It's not what is poured into a student that counts, but what is planted.
