Dated: 23.02.22

**Dear Parents,
Greetings!!**

Optimistic were the feelings associated with the start of academic session 2021-22. Everyone remembered the initial apprehensions involved with the new mode of schooling during the 2020-21 session. However, with experience came confidence and assuredness in oneself to be able to do better. Educational excellence, fostering love for learning in oneself and emphasis on mental and physical well-being have always been the hallmarks of Akshara Vaagdevi International School (AVIS).

It has been our mission to impart holistic learning in a safe, secure and joyful learning environment where respect, tolerance, honesty and individual differences are appreciated. To develop leaders who shape the world through independent, creative and critical thinking.

Dear Parents, we sincerely thank you for your support and encouragement. We are all very proud of your children and would like to congratulate them on completing another successful school year. You can be very proud of them and how they represent you, their families and their school on a daily basis. The teachers of AVIS have done their best to explain concepts, facts and provide extra information on the subject to the students with a variety of teaching aids. Several initiations were done to encourage the progress of the holistic development of the students by guiding them to participate in as many scholastic and co-scholastic events as possible in this current situation.

Several clubs were also established to encourage students to break apart from a monotonous life of study on their screens at home while cultivating

values otherwise important. The Eco Club was established in lines with the 17th Sustainable Development Goal in order to educate the students upon the need for the environment. The Heritage Club was set up to sensitize the students upon our rich and varied heritage. The Suraksha Club does its part in ensuring the well-being of students and provides a platform to ask for advice on various matters related to one's mental well-being. The Ganit club was set to support students in their classroom learning, enrich their skills with higher order thinking and appreciate the value of errors as powerful motivators to enhance learning and understanding. The Expression Series club which collaborated with IT aimed to develop linguistic skills together with the students' technological skills.

Every challenge, every adversity would make us all stronger and give us more energy and vigour to face the challenges and adversities. We hope the present period would end soon and your children would be meeting their teachers and peers within the school campus.

We are continuously praying for the well-being of our students and their families. Please take care and stay safe.

May all of us have Prosperity, Peace and Harmony.

Warm Wishes

Ms Vanaja

Principal

No school can work well for children if parents and teachers do not act in partnership on behalf of the children's best interests
