Dear Parents,

Greetings from AVIS in collaboration with Pallavi Model School!!

Hope you are all taking good care of yourselves. This summer is going to be heated as per the Weather Forecast. We feel it is our responsibility to suggest some of the precautions be taken by the students and the parents. Please try to adhere to these to avoid any unnecessary turbulence.

- Motivate the children to take care of their health by judiciously involving themselves in a regular exercise regime.
- Avoid going out unless it is mandatory.
- Increase intake of liquids, Eat healthy food and avoid junk food.
- Encourage the child to complete their work in time so as not to feel the pressure of academics.
- Guide the children to explore a variety of offline activities like reading books, practising some art, hobbies etc. to avoid boredom and also to let them remain engaged.
- Focus on the see-saw and Google classrooms so as not to miss out on any worksheets, activities and Home works shared by subject teachers.
- Take the required precautions to avoid a variety of health problems.

When we work as a community no situation is insurmountable.

For queries, concerns, sharing suggestions or feedback, please do not hesitate to contact the relevant people involved. It is only with the help of your cooperation, support and regular interventions that we are able to accomplish our set goals and tasks.
