DECEMBER NEWSBITES 2022

PRINCIPAL'S MESSAGE

**Help the Earth rejuvenate;
Say No to Plastics.**

- » Without plastic, all are fantastic, and you are majestic. Without plastics, the world is a beautiful place to live in; do your bit and say no to toxic products. We are together, bound in a life cycle, to help save marine life from plastics.
- » We are transforming our lives and becoming an eternal part of the environmental damage which started comforting our lifestyles at the end of the day. However, the later part of realization has come to a hard phase of life putting our life in so many hazards.
- » Plastic is an integral part of our life which is damaging our environment so it's better to say no to plastic. It is a non-biodegradable substance that cannot be decomposed thus it is hazardous to the ecosystem. On the one hand plastic bags are convenient while, on the other hand, it is harmful to the environment so we should avoid using plastic bags. By saying no to plastic bags we can save the lives of many animals who died due to the consumption of polyethylene. Plastic gets mixed in the soil and decreases fertility of the soil. So to maintain soil fertility it's good to say no to plastic. Plastic is the main cause of water pollution. So to save natural resources from pollution we should stop using plastic.
- » If we start as an individual we may reach to a small extent to enlarging our contribution to a larger extent in a huge amount of time and determine to reach our set goal at a quick phase with a smaller but very extensive slogan :

"Say no to plastic – today and tomorrow".

“ORANGE IS THE HAPPIEST COLOR” and our Tiny tots in orange radiated warmth and happiness. The children of Pre-Primary Section celebrated Orange Day on 2nd Dec. with a sole objective to acquaint the little ones with the concept of this secondary color and objects related to it. Our little kids were dressed in shades of orange, shining brightly. The children learnt various other things about the orange color which also symbolizes enthusiasm, hope and prosperity. The children were asked to bring oranges and carrots in the class on that day. The children did interesting activities like origami carrots related to this color. The color represents the health and energy of our kids. It is a great learning activity that helps the children understand the concept of secondary colors, build language skills, inspire visual thinking, and increase engagement.

“Meet me at the farmer’s market”

“Eat healthy and grow healthy” is the endeavor of the teachers which was conducted on 7th Dec. for the pre primary to inculcate healthy eating habits in these tiny tots. To make the activity more realistic, PP2 students were sellers and PP1 students were buyers. Parents were involved in buying the vegetables and fruits to make the children understand that they are an essential component of a healthy diet. A mock vegetable market was set up in the school premises. Children got to know and explore different kinds of fruits and vegetables in this activity. They had great fun with fruit-and-vegetable-related activities and other resources. AVIS offers the children the opportunity to explore the broad range of knowledge and skills that lay the right foundation for good progress .

**“ IMAGINATION is
more important
than KNOWLEDGE ”**

-- ALBERT EINSTEIN

Children are born with marvelous imaginations and a keen desire to explore the world. AVIS encourage this in the tiny tots of pre primary and help them to discover the beauty and wonder of everything around them. Students of Nursery, PP1, PP2 participated for a very special day of little scientist on 12th Dec.

Our champions exhibited various Science projects, models and fun activities. Students exhibited their learning of concepts through experiments that included models on different types like Air pressure, Oxygen, Gravitational force, Sink and Float and many more. Parents who visited the stalls were thrilled to see simple models and experiments.

The working models prepared for science exhibition by our students reflected their innovative ideas, creativity, talent and proved their efficiency. The activity was a joyful learning for the students who prepared the projects as well as for those who visited, inquired and gained knowledge from them.

“The only way to learn mathematics is to do mathematics”

National Mathematics Day is celebrated on 22nd December every year, on the birth anniversary of one of the greatest Indian mathematicians, Srinivasa Ramanujan. This day was announced by the former Prime Minister of India, Dr. Manmohan Singh, in 2012. AVIS conducted a special assembly on this day with students Grade 1, Grade 7 and Grade 9 dressed up as famous mathematicians Mr Ramanujan, Mrs Shakuntala devi, etc.

Students of grade IX spoke about Srinivas Ramanujan showcasing the importance of this day followed by a speech by Math HOD on the importance of celebrating math day every year. We together launched the Theme of the year "Math for everyone"

As a part of a math week, principal Mrs Vanaja and Vice principal Mrs Rachana Singh inaugurated Math inter-house competition "Math-o-magician" and guided students about the importance of Maths and week long activities

**"Tis the season
to be jolly.."**

Christmas is a time to gather with loved ones and friends. To share and spread the joy of Christmas AVIS organized CHRISTMAS CARNIVAL on 23rd December 2022. Two events were organized

- (i) for pre primary kids in the primary block
- (ii) for classes I to X in the main block .

To keep up the festive spirit all the Students, and teachers came to school wearing beautiful dresses as per the festive theme in Red , Green and White. The school was decorated beautifully with glitter, balloons and magnificent Christmas trees. At the entrance hall a crib, christmas tree and snowman was set up. The crib area was really very beautiful. All the parents were happily clicking pictures with Santa Claus near the crib.

The event started with a very secular inspirational speech by our founder member Shri P.L.Srinivas followed by the blessings of the chief guest Rt.Rev.Dr. Moses Ashivadam Bishop of St.Thomas Tamil Cathedral, Secunderabad.

It was a day full of fun and pleasure , the tiny tots presented a skit on the birth of Christ Jesus, a combination of Christmas song and dance were performed, Christmas Carols were sung by the students and staff. One could easily notice the excitement of Christmas in the students' eyes. A student dressed as Santa Claus paraded through the program cheering and singing Christmas songs, handing out small gifts and handshakes. Parents along with their kids participated in the fashion parade- walking the ramp . It was a special movement for them twinning with their child.The carnival has many other attractive corners like Tattoo, mehendi, nail art, Games like balloon blowing , Food Court with mouth watering healthy cuisine.

In the main block the events were equally enthusiastic with students singing carols, Certificate distribution to the winners of various completions, followed by a variety of dance performances.

Christmas is the happiest season of the year, and there are countless things we can do to make it even happier for everyone. It promotes peace and love among everyone By the end of the program, vote of thanks was proposed by Ms.Rachana - Vice Principal and wished everyone a very "Happy Christmas".
