# PRINCIPAL'S MESSAGE!

"A smile is the prettiest thing you will ever wear." "Smiling is the best way to face every problem, to crush every fear, and to hide every pain."

"Keep Smiling....!!!!

**"A smile costs nothing, but gives much. It enriches those who receive, without impoverishing those who give. It happens in a flash and the memory of it sometimes lasts forever."**

Smile is a beautiful, positive facial expression which provides happiness to the person observing and the one itself. It is a powerful weapon which connects to other people, it has the ability to melt the coldest hearts 'Scientific studies have confirmed that a genuine smile is generally considered attractive to others around us'. Smiles help you make a great first impression in all aspects of your life. One smile can drive away all the hard feelings and that is why smiles should be protected.

Aksharites believe that Smiling makes people feel good and positive, conveying a sense of good-will, rapport and trust. It's a way of showing friendliness, happiness, gratitude and kindness. Studies have shown that if a person laughs more, they are less likely to become sick. As the saying goes, 'Laughter is the best medicine, a smile doesn't cost you a dime'. Just imagine an innocent child smiling, that smile can take away the pain of so many others because it is so pure and infectious. People should always spread smiles around them because only that will make the world a better place for everyone.

When you smile you reduce the rigidness of your cells and this relaxation can help reduce the risk of stress-induced cell mutations. Think of how you feel when someone passing by gives a gesture of smiling, now imagine the same feeling of acceptance that you can give to someone.....

**Life-with a smile or without. "Stay Happy Stay Healthy"**
