

Cir/03/AY/2024-25

Dear Parents,

11.03.2024

Greetings from AVIS!

Dear Parents/Guardians,

*We believe that effective teaching goes beyond imparting knowledge; it also inspires, guides, and motivates students to reach their full potential*

We are excited to announce a collaboration between Akshara Vaagdevi International School and “Unacademy”, India's largest learning platform, aimed at enhancing the educational experience of our students in Grades VI to X.

“Unacademy” offers foundational courses in Physics, Chemistry, Maths, Biology, and Mental Ability, with a mission to transform education and make high-quality learning accessible to millions nationwide. Through this collaboration, our students will have access to a wealth of resources- experienced educators, meticulously curated study materials, and conducive learning environments which will provide our students a winning formula for academic success.

**Here are the key updates and Course Fee details regarding the program:**

- Grade VI-IX – Rs.2500/- Per month (12\*2500) =**Rs30000/- per Annum.**
- Grade X - Rs.3000/- Per month (12\*3000) =**Rs36000/- per Annum**
- To ensure the effectiveness and sustainability of the program, we are aiming for a minimum of 40 students per grade level to participate.
- **Integration into School Hours:** A portion of the Unacademy program will be incorporated into the regular school timetable, allowing students to engage with the curriculum during designated class periods. This integration will ensure that all enrolled students have the opportunity to benefit from the program without disrupting their existing academic schedule.
- **After-School Sessions:** If the registration of students is less than 40/Grade, Supplementary sessions and activities provided by Unacademy will be scheduled after school hours to accommodate students who prefer additional learning opportunities. These sessions will provide further support and enrichment to complement the in-school curriculum.

By combining the expertise of Unacademy's educators with our school's resources and support, we are committed to fostering academic excellence and personal growth among our students.

Kindly, fill the consent form found overleaf. We value your partnership in your child's education and look forward to working together to provide them with the best possible learning opportunities.

Thank you for your attention to this matter.

Sincerely,  
Principal  
Ms.G.Vanaja
