DEAR STUDENTS, STAFF, AND PARENTS.

At AVIS, we believe that greatness is not achieved in a single leap, but through consistent, meaningful effort over time. This powerful quote reminds us that every small step — every lesson learned, every challenge faced, every moment of perseverance — contributes to our larger journey of success.

As students, teachers, and lifelong learners, it's easy to underestimate the impact of our daily actions. But it is in those quiet, disciplined routines — revising a chapter, lending a helping hand, showing up on time — that true growth is forged. Success isn't about one grand moment; it's about showing up with purpose every single day.

Let us continue to encourage our students to embrace effort, not just outcomes. Let us model patience, persistence, and passion in everything we do. Because in nurturing a culture of steady progress, we prepare our young minds not just to succeed in exams, but to thrive in life.

Together, let us build excellence — one small effort at a time.

WARM REGARDS,

Remember, true achievement doesn't seek applause—it earns respect through quiet persistence and undeniable results. Strive not just to succeed, but to become someone whose journey inspires others to believe in their own."

World Day Against Child Labour

Avis news bites@AVIS(June 13):World Day Against Child Labour is observed every year on June 13th to raise awareness about the plight of millions of children who are forced into labour across the world. This day reminds us that every child deserves a childhood filled with learning, play, and care — not work and exploitation.

Addressing the gathering Ms Swetha from the Social department said that child labour deprives children of their basic rights like education, health, and a safe environment. It is very individual responsibility and duty to speak up and act against child labour. Students prepared placards and charts against child labour day. She also urged that we all should join in hands to create a world where every child can dream, learn, and grow freely.

Say no to child labour — yes to childhood!

COUNCIL MEMBERS ELECTION

Avis news bites@AVIS(June 20): At AVIS, we believe in nurturing not only academic excellence but also leadership, responsibility, and a spirit of democratic participation. Our Student Council Elections are a significant milestone in this journey — a celebration of student voice, values, and vision. The Student Council serves as a bridge between the student body and school administration, providing a platform for students to express their ideas, represent their peers, and work collaboratively towards positive change. Through campaigning, public speaking, and fair elections, students experience firsthand the core principles of democracy — choice, accountability, and leadership.

Every candidate brings their unique strengths and aspirations, and every vote is a step toward shaping a vibrant, student-centered school community. Win or learn — every participant walks away stronger.

We encourage all students to participate with integrity, enthusiasm, and respect. Let this be more than an election; let it be a lesson in leadership, a practice in fairness, and a spark for lifelong engagement.

Here's to a future led by thoughtful, courageous, and compassionate leaders — because change begins with you!
