Cultural Annual Day : **Vedic Vista-2**

Dear Parents and Students,

Greetings !

Following the success of **Vedic Vista-1**, we are pleased to present **Vedic Vista-2** — “**History Inspires, Vision Transforms.**” This cultural and educational initiative enables our students to understand, appreciate, and confidently express the rich heritage, values, and wisdom of ancient Bharat.

The theme reflects our belief that India’s past is not merely to be remembered, but to be understood, lived, and carried forward with purpose. By revisiting the wisdom of ancient centres of learning, the strength of great civilizations, and the courage and leadership of historical icons students discover timeless values that remain deeply relevant today.

Through thoughtfully planned, performance-based presentations, students will portray ancient learning traditions, great civilizations, the valour of the Marathas, and India’s inspiring journey towards the vision of the 21st century. **Vedic Vista-2** encourages learners to draw inspiration from history to shape a responsible, confident, and visionary future, connecting ideals such as courage, knowledge, unity, and service with the aspirations of a modern, progressive India—thereby transforming historical understanding into meaningful action, creativity, and cultural pride.

Event Details

Day / Date: Friday – 9th January 2026
