Dear Parents,

Greetings!

Assessment: A Step Towards Progress

"The goal of assessment is not merely to measure learning, but to improve it."

Assessment is an integral part of the learning journey. It helps students recognise their strengths, identify gaps, and take responsibility for their progress. It also enables teachers and parents to understand each learner's needs and work together to plan meaningful next steps.

As we approach **Periodic Test–3 (PT-3)**, let us encourage our children to focus on conceptual understanding, consistent preparation, and the application of knowledge rather than marks alone. Every assessment is an opportunity to reflect, learn from mistakes, and move forward with greater confidence.

Let us work together to ensure that every child progresses—not just in performance, but also in understanding, effort, and independent learning.
